A resolution by H. Bishop was adopted concerning a contingent fund to be provided by the finance committee for such beneficiaries as may fall upon the board in the interim.

The following preamble and resolutions were adopted concerning a special collection taken for foreign missions at the last session of this body. The paper came from the board of missions:

Whereas, not more than one-half that amount has been paid; and.

Whereas, the failure to pay, where such failure has occurred, is largely due to a misunderstanding upon the part of the subscribers of the terms of the contract; and. Whereas, the failure to pay, where such failure has occurred, is largely due to a misunderstanding upon the part of the subscribers to think that their benefactions would better take the direction of figundating said debt, therefore,

Resolved, that this board request the conference to authorize its treasurer to call for all unpaid subscriptions to said special fund.

Resolved, 2. That all amounts paid to the statistical secretary by the preacher in charge within whose pastoral charge said subscription was made, and when so reported, it shall be placed in the minute column marked "foreign missions."
